INDEX TO VOLUME XII, 1958

Abnormalities, genetic determinant of, 183
ACHESON, E. D., *See* ACHESON, R. M., and ACHESON, E. D.
ACHESON, R. M., and ACHESON, E. D.: Coronary and other heart disease in a group of Irish males aged 65-85, 147
— and THORNTON, E. H.: Mortality from coronary artery disease and "myocardial degeneration" in the Republic of Ireland, 82
ADAMS, J. C. S., *See* SPRINGETT, V. H., ADAMS, J. C. S., D'COSTA T. B., and HEMMING, M.
Air pollution and other local factors in respiratory disease, 94
Anencephalus in Scotland, 115
Army, British, gastric and duodenal ulcer in, 71
Atmospheric pollution and mortality in the County of London, 104

BARON, J. H., and JONES, R. V.: Incidence of gastric and duodenal ulcer in the British army in 1955, 71
BARR, A.: The extent of hospital sickness, 61
—: Hospital size and staff sickness rates, 156
Birmingham, post-neonatal infant mortality in, 1947-1956, 131
— tuberculosis in immigrants in, 1956-1957, 135
Birth order of psychiatric patients, 43
Blood pressure in Indian plantation workers, 204
British Army, gastric and duodenal ulcer in, 71

CARTWRIGHT, A., and JEFFERYS, M.: Married women who work: their own and their children's health, 159
Central nervous system, congenital malformations of, in Scotland, 115
Chicken pox, maternal, and congenital defects, 1
Child health and the working mother, 159
Children of married women who work, 159
CIOCCO, A., *See* THOMPSON, D. J., and CIOCCO, A.
Colour blindness, pedigree data of gene frequency for, 193
Congenital defects and virus diseases in pregnancy, 1
— dislocation of the hip, environmental influences related to, 8
— malformations of the central nervous system in Scotland, 115
— pyloric stenosis, determinants of, 188
Coronary and other heart disease in Irish males aged 65–85, 147
— artery disease in republic of Ireland, 82

D'COSTA, T. B., *See* SPRINGETT, V. H., ADAMS, J. C. S., D'COSTA, T. B., and HEMMING, M.
Death rates, new method of standardizing, 154
—, sickness, change of residence, and, 172
Determinants of congenital pyloric stenosis, 188
DOLL, R., *See* HILL, A. B., DOLL, R., GALLOWAY, T. MCL., and HUGHES, J. P. W.
Duodenal and gastric ulcer in the British Army in 1955, 71

EDWARDS, J. H.,: Congenital malformations of the central nervous system in Scotland, 115
—: A note on the interpretation of $n \times 2$ tables, 141
—, *See also* RECORD, R. G., and EDWARDS, J. H.
England and Wales, seasonal swing in mortality in, 197
Environmental influences related to aetiology of congenital dislocation of the hip, 8

FAIRBAIRN A. S., and REID, D. D.: Air pollution and other local factors in respiratory disease, 94
Familial data on psychiatric patients, analysis of, 42

GALLOWAY, T. MCL., *See* HILL, A. B., DOLL, R., GALLOWAY, T. MCL., and HUGHES, J. P. W.
GARRATT, F. N., LOWE, C. R., and MCKEOWN, T.: Investigation of the medical and social needs of patients in mental hospitals. II. Type of accommodation and staff required, 23.
Gastric and duodenal ulcer in the British Army in 1955, 71
Gene frequency for colour blindness, 193
Genes, X-recessive, conditions determined by, 183
Genotypic frequencies among close relatives of propositi with conditions determined by X-recessive genes, 183
GORE, A. T., and SHADDICK, C. W.: Atmospheric pollution and mortality in the county of London, 104
GREGORY, I.: An analysis of familial data on psychiatric patients: parental age, family size, birth order, and ordinal position, 42

Heart disease in Irish males aged 65–85, 147
Hip, congenital dislocation of, environmental influences related to aetiology of, 8
HEMMING, M., *See* SPRINGETT, V. H., ADAMS, J. C. S., D'COSTA, T. B., and HEMMING, M.
HILL, A. B., DOLL, R., GALLOWAY, T. MCL., and HUGHES, J. P. W.: Virus diseases in pregnancy and congenital defects, 1
Hospital sickness, extent of, 61
— size and staff sickness rates, 156
HUGHES, J. P. W., *See* HILL, A. B., DOLL, R., GALLOWAY, T. MCL., and HUGHES, J. P. W.
Hydrocephalus in Scotland, 115

Immigrants in Birmingham, tuberculosis in, 135
Indian plantation workers, blood pressure in, 204
Infant mortality, post-neonatal, in Birmingham, 1947–1956, 131
Inheritance of abnormalities, 183
Insured population of Northern Ireland, morbidity in, 75
Ireland, Northern, morbidity in insured population of, 75
—, Republic of, coronary artery disease and "myocardial degeneration" in, 82
Irish males aged 65–85, coronary and other heart disease in, 147

JEFFERYS, M., *See* CARTWRIGHT, A., and JEFFERYS, M.
JONES, R. V., *See* BARON, J. H., and JONES, R. V.

KANELLAKIS, A. P.: Seasonal swing in mortality in England and Wales, 197
KERRIDGE, D.: A new method of standardizing death rates, 154
KIDD, C. W., *See* PARK, A. T., and KIDD, C. W.
KNOX, G.: An estimate from pedigree data of the gene frequency for colour blindness, 193
—: Genotypic frequencies among close relatives of propositi with conditions determined by X-recessive genes, 183
—: On the nature of the determinants of congenital pyloric stenosis, 188
— and MACKINTOSH, J.: Post-neonatal infant mortality in Birmingham between 1947 and 1956, 131

London, County of, atmospheric pollution and mortality in, 104
LOWE, C. R., *See* GARRATT, F. N., LOWE, C. R., and MCKEOWN, T.

MCKEOWN, T., *See* GARRATT, F. N., LOWE, C. R., and MCKEOWN, T.
MACKINTOSH, J., *See* KNOX, G., and MACKINTOSH, J.
Married women, working, 159
Measles, maternal, and congenital defects, 1
Mental hospitals, medical and social needs of patients in, 23
— —,type of accommodation and staff required, 23
Morbidity in insured population of Northern Ireland, 75
— studies based on hospital admission rates, 61
Mortality in England and Wales, seasonal swing, 197
—, infant, in Birmingham, 131
— rates, new method of standardizing, 154
— — and change of residence, 172
Mumps, maternal, and congenital defects, 1
"Myocardial degeneration" in Republic of Ireland. 82

$n \times 2$ tables, interpretation of, 141
Northern Ireland, morbidity in insured population of, 75

Parental age and psychiatric disorders, 43
PARK, A. T., and KIDD, C. W.: Morbidity in the insured population of northern Ireland, 75
Pedigree data of gene frequency for colour blindness, 193
Peptic ulcer in the British Army in 1955, 71
Post-neonatal infant mortality in Birmingham between 1947 and 1956, 131
Pregnancy, virus diseases in, and congenital defects, 1
Psychiatric patients, analysis of familial data on, 42
Pyloric stenosis, congenital, determinants of, 188

RECORD, R. G., and EDWARDS, J. H.: Environmental influences related to the aetiology of congenital dislocations of the hip, 8
REID, D. D., *See* FAIRBAIRN, A. S., and REID, D. D.
Residence changes and mortality rates, 172
Respiratory disease, air pollution and other local factors in, 94
Rubella, maternal, and congenital defects, 1

Scotland, congenital malformations of central nervous system in, 115
Seasonal changes in blood pressure in Indian plantation workers, 204
— swing in mortality in England and Wales, 197
SHADDICK, C. W., *See* GORE, A. T., and SHADDICK, C. W.
Sickness, change of residence, and death, 172
— rates of hospital staffs, 156
Social needs of patients in mental hospitals, 23
Spina bifida in Scotland, 115
SPRINGETT, V. H., ADAMS, J. C. S., D'COSTA, T. B., and HEMMING, M.: Tuberculosis in immigrants in Birmingham, 1956–1957, 135
Staff sickness rates and hospital size, 156

THOMPSON, D. J., and CIOCCO, A.: Sickness, change of residence, and death. 1. General results of follow-up in two population groups, 172
THORNTON, E. H., *See* ACHESON, R. M., and THORNTON, E. H.
Trend, analysis of, 141
Tuberculosis in immigrants in Birmingham, 1956–1957, 135

Virus diseases in pregnancy and congenital defects, 1

WILSON, J. M. G.: Arterial blood pressure in plantation workers in N.E. India, 204
Women who work: their own and their children's health, 159

X-recessive genes, genotypic frequencies among close relatives of propositi with conditions determined by, 183
